WMGPS Network Forum

Working Together and Learning From Each Other

Friday 5th October 2018 10:00 am to 4:00 pm

Birmingham Children's Hospital, Steelhouse Lane, Birmingham B4 6NH

Highlights

- * Abdominal Pain and Masses in Children - when it is not appendicitis!
- * Common Urological Problems during Childhood
- * Safeguarding for Children related to GPS
- * Post-op pain management
- * RIFT Presentations – The current picture and Risk Score Validation
- * National GPS update – “*Working Together*” and National Service Review
- * Multidisciplinary team approach to clinical discussions
- * Opportunity to network with colleagues from across the region
- * RCS(Ed) (being applied for)

Target Audience

All clinical staff who provide GPS care for children in the West Midlands in General Surgery, Urology, Paediatric Surgery, Paediatrics, Anaesthetics, ED. Consultants, Medical Trainees, Nurses and Theatre Staff.

We welcome GPS-related short research or audit presentations (especially from trainees)

There is no cost to attend. [Please register here](#)
